

SMARTDAB

DAB DAB+

digitalradio 

Introduction

SmartDAB – Connects to your smartphone to give Digital Radio in any car. It is a plug and play affordable solution that you can fit yourself in minutes. The station logo, name, song and artist information are displayed on your phone. Digital music is played through your car stereo system via the 3.5 mm jack. Slide-show images are also displayed if transmitted by the radio station. The device is controlled by the touch-screen of your smartphone, however, we strongly recommend that any setting changes and station selection is done while the car is stationary so as not to distract the driver.

SmartDAB package comes with everything you need to get you listening to digital radio in minutes. Upgrades (if required) for antenna, permanent fitting or phone holders can be found on the AutoDAB website www.autodab.com.

What's in the pack?

SMARTDAB

User guide and installation instructions

1. SmartDAB module
2. Cigarette lighter power supply
3. 3.5mm jack cable
4. Quick-fit antenna

Application Download

Installation of iOS version for iPhones - install via iTunes by searching for SmartDAB. Download the app and install. The app is free.

Installation of Android version - install via Google play by searching for SmartDAB. Download the app and install. The app is free.

How to fit - PLUG

SMARTDAB

- Remove all the contents from the SmartDAB box
- Position the antenna in the top right of the front windscreen (top left for right hand drive cars). The antenna should be located parallel to the A-pillar of the car (FIG 1). We recommend that it is held in position with a temporary fix until you confirm that you have a good reception.
- Plug the cigarette lighter charger into the nearest 12v supply to where you want to locate the Smart box – the red light should illuminate.
- Plug the 3.5mm Jack into the cars aux-in socket.
- Now plug all 3 devices into the Smart box (FIG 2)
- USB port available for phone charging.

Getting Started- PLAY

Bluetooth Connection

When you open the app it will automatically look for and connect with your SmartDAB device.

The 1st menu has 4 options as follows;

1) **Scan** – selection of scan will cause the device to scan to see what stations are available to you. A simple progress bar will keep you informed of progress but normally a scan will be quite quick. At the end of the scan your Smart will tell you how many stations were found.

2) **Stations** – A list of stations available to you will be displayed either alphabetically if 'list mode' selected from settings or by ensemble if 'ensemble mode' selected. Selection of ensemble or letter will help you quickly find your desired station.

- Simply touch your desired station to select it and it will start playing and display in the play screen.

Scan Complete - You have the following stations available:

London 1	10
Wlv&Shrp	10
National	13
BBC DAB	12
Total	45

Now playing - heart
more music variety

A	BBC 6 Music Rock Music BBC DAB	
B	BBC WS Varied BBC DAB	
C		
H	BBCAsian Varied BBC DAB	
K		
L	BFBS Pop Music National	
M	Cap XTRA Pop Music National	
P		
S	Classic Light Classical National	

Now playing - heart
more music variety

3) Favourites

this button stores a list of your favourite stations. You can add or delete items by pressing the icon on your station listings.

4) Settings

The settings button allows you to customise your SmartDAB. We recommend that this function is not used whilst driving as it could cause distraction.

You can;

- Select the mode of station display, either ensemble or list mode
- Display block text or scrolling text
- Add pictures to display on your play screen
- Delete pictures to display on your play screen
- Change the colour of the app to suit your taste

The PLAY Screen

The play screen is the screen which will be viewed the majority of the time. It has the following features;

1. Displays the logo of the radio station.
2. Displays the station name
3. The genre of music played by the station
4. The ensemble it is on, which will tell you whether it is a national, regional or local station.
5. The signal strength of the station at that point in time
6. Any text transmitted by the station including artist and song title
7. Any slide-show pictures transmitted by the station.
8. Any pictures selected to display in conjunction or in stead of the slideshow images.
9. Touch here to select previous station
10. Touch here to select next station

The logo consists of the word "SMARTDAB" in white, bold, sans-serif capital letters. The text is centered within a red rounded rectangular background. This red background is enclosed by a thick blue border with rounded corners.
